

MEMORANDUM SEP 02 2008

TO: Honorable Mayor and Councilmember **BY:** AD 4:07 PM
FROM: John Davis, Superintendent of Parks and Recreation JD 9-2-08
DATE: September 2, 2008
SUBJECT: Rubberized Surfacing of Splash Pad at Veterans Memorial Park

PURPOSE

The purpose of this item is to present three written quotes for the rubberized surfacing of the Splash Pad as requested by council, and to provide an explanation for the need to enhance the safety features associated with adding a rubber type surface.

BACKGROUND

The Splash Pad was opened July 5, 2008 and the surface is concrete at present. Concrete is ruff in texture and can cause injuries with little or no effort upon tripping or falling. When an injury does occur and blood enters into the system, the splash pad has to be shut down immediately, and precautionary measures are required. By installing a rubberized textured surface, this would reduce injury potential significantly, as well as decrease liability issues.

These are the three proposals for the resurfacing of the Splash Pad:

1. Coody Pools - \$25,475
2. LCO Enterprises - 28,800
3. All Season Pools - \$29,945

A budget adjustment and a one time charge against reserves will be necessary to complete this project. We are currently applying for a F.R.D.A.P. grant for Veterans Memorial Park, and the monies used for this resurfacing project can be used as "Previously Spent Cash" and be deducted from our "Match" monies or cash the City would otherwise have to provide if awarded this grant.

According to the city purchasing code, all purchases and projects exceeding \$10,000 shall be subject to an invitation to bid process in accordance with Section 12.3-21 of the Orange City Code of Ordinances. However, staff is requesting the council to waive the bid process at this time, due to the simplicity of the project, i.e.; no detailed specifications are required, and we currently have three separate written quotes for this project. Additionally, staff would like to set the "Splash Pad Season" as March 15th through October 15th. This will set the months the splash pad will be available for public use.

RECOMMENDATION

It is the recommendation of staff to resurface the Splash pad for safety precautions, thereby diminishing liability issues. Staff recommends Coody Pools as the contractor to complete this project. Staff also recommends Council setting the "Splash Pad Season" from March 15 through October 15.

QUOTES FOR PROCUREMENTS

| PROJECT TITLE | #1 | | #2 | | #3 | |
