AGREEMENT

COMES NOW, FLORIDA PUBLIC UTILITIES COMPANY, a public utility organization organized and existing under the laws of the State of Florida, hereinafter the Company, and the CITY OF ORANGE CITY, a municipal corporation organized and existing under the laws of the State of Florida, hereinafter the City, and agree:

1. That the City has agreed to adopt, and the Company has agreed to accept, an ordinance granting a franchise to construct or otherwise acquire and to own, maintain, equip and operate plants and works, and all necessary or desirable appurtenances thereof, for the manufacture, purchase, transmission and distribution of artificial, natural and/or mixed gas (hereinafter referred to generally as "gas"), including the right without payment by Grantee of any special tax, assessment or charge therefore to construct, lay, extend, maintain, renew, remove, replace, repair, use and operate gas pipes and gas mains, and all appurtenances and appendages thereto, in, under, or across the present and future public streets, avenues, alleys, highways, bridges, easements and other public places within the present or any future corporate limits of Grantor or its successors, for the purpose of distributing, supplying and selling gas to Grantor or its successors, and to persons and corporations inhabitants thereof, as well as to persons or corporations beyond the present or future corporate limits thereof.

2. That contemporaneously with the adoption of the franchise by the City and the acceptance of that franchise by the Company, the City and the Company have entered into this separate agreement that during the term of the franchise, and any renewal or extension thereof, when and if the Company negotiates a gas franchise after the effective date of the acceptance of the franchise, which increases the percentage of the franchise fee payable above the 6% provided by the ordinance, the City shall have the right to amend the franchise ordinance during the 30 year term to provide for the application of such increase percentage to collections made for the sale of gas within the City and the Company hereby irrevocably consents to any such amendments adopted pursuant hereto.

Annually, as of January 1 of each year, the Company will furnish the City a list of all of its gas franchises including the name and address of the franchisor, the date of the franchise, the percentage of the franchise fee, and the length of the term of the franchise, including both those negotiated after the date of acceptance of the franchise, which are covered by this Agreement, and those which are excluded. Should any of the franchises covered by this Agreement provide a franchise fee above the 6% provided by the amended ordinance, the City, may in its sole discretion, elect to amend the existing franchise ordinance upon giving the Company at least 30 days advance written notice prior to the effective date in order to give the Company sufficient time to implement the increased franchise fee.

3. Further provided the increase referred to above shall be implemented at the beginning of the franchise year, which shall be the anniversary of the effective date of the franchise referred to above in each succeeding year.

4. Further provided that the amendment shall:

- a. apply only to a change in the applicable franchise fee percentage and not to any change in class of service to which it applies.
- b. apply only to gas franchises negotiated by the Company after the date set forth above and not to gas franchises acquired by the Company through acquisition, purchase or merger.
